PROFESSIONAL EXPERIENCE

Inferno Design (1999 – Present)

Front-End Web Developer / UI Designer

- Work with clients to define technical and design requirements that meet organizational initiatives and follow industry trends and technology innovation to improve marketability and reach.
- Collaborate with stakeholders during development processes to integrate design, extensions, and third-party apps according to project requirements and best practices.
- Test site compatibility across multiple browsers and devices, uncovering and debugging issues, and addressing inconsistencies.

Key Achievement: Lead a 3-person development team to develop First Coast Tea Company's e-commerce website using WordPress and WooCommerce, which reduced cart abandonment rate by 95%, resulting in a 500% increase in online sales after go-live.

Lennar Corporation (2016 – 2020)

Front-End Web Developer / UX Developer

- Worked in an Agile environment and participated in daily Scrum standups to develop sitemaps, user flows, wireframes, and mockups for designs based on proven methodologies, stakeholder requests, and end-user feedback.
- Designed and developed UIs for Salesforce applications utilizing the Salesforce Lightning Design System framework, exploiting associated templates, and tools to shorten development times.
- Collaborated with key stakeholders during design processes to align project requirements and best practices.

Key Achievement: Lead the UX development efforts for Lennar's Digital Purchase Agreement Experience (DPAE) Salesforce project, which is used daily by thousands of employees to simplify the homebuying experience for customers.

State of Arizona – Board of Nursing (2003– 2016)

Front-End Web Developer / IT Specialist

- Developed and maintained complex Internet applications for processing nurse licensure applications and disciplinary actions.
- Generated reports using nurse licensure statistics and provided data analysis to the Executive and Associate Directors.
- Assisted with daily server maintenance and desktop support for 55 staff.

Key Achievement: Utilized staff and feedback from the Arizona Nursing community to design and develop the agency's website, which services over 130,000+ nurses and nurse assistants in the State of Arizona.

Additional experience as a UI Designer for KPMG Consulting and a Video Production Assistant for Skyline Productions.

EDUCATION

Bachelor of Arts (1998) – University of Advancing Technology, Phoenix, AZ
